Department of Computer Applications (MCA)

III Semester

TEAM CHAINCODERS

in

VERSION'18

at

National Institute of Technology, Tiruchirappalli

VERSION, an All India MCA Meet is an exhilarating event conducted by Department Of Computer Applications at National Institute of Technology, Tiruchirappalli. The theme of this year's edition was Qubykon, Quantum computing.

Version'18, held on 1st-2nd September, 2018 was the 27th edition of the same. Five students, namely Anubhav Aggarwal, Mohit Sharma, Mukul Anand, Rajat Jain and Suraj Kumar Verma, from 3rd sem MCA Department of NIT Raipur were selected to participate in various events that were organized there. The candidates were selected on the basis of a coding and aptitude test. A total of 23 teams from

respective Institutes including NIT Surathkal, NIT Warangal, NIT Calicut, University of Hyderabad competed to win various events. And it gives us immense pleasure to bring it to your kind notice that the students made the **following achievements**:

1) **Rajat Jain** was presented with the trophy of 'Star of the Event'.

- 2) **Mukul Anand** and **Rajat Jain** won 1st prize in *Code-Prix* an event focused on programming in C and C++.
- 3) **Mukul Anand** and **Rajat Jain** secured 1st position in *Mind Block*, an event based on encoding-decoding using different ciphers and reverse coding.

4) **Rajat Jain** stood 1st in *Phoenix*, an onstage interview of the best performers of events of Version'18.

Apart from these Anubhav Aggarwal and Mohit Sharma reached the finals of *SeQuelize* which was based on DBMS based event and Mohit Sharma and Suraj Kumar Verma also qualified for the finals of *Concevoir Le Web*, a web development event.
