ABOUT US

National Institute of Technology Raipur situated in the capital of Chhattisgarh, has proven to be 'avant-garde' in the field of science and technology over the past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956, the institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the Institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is also linked with the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from the airport on NH-6, the Great Eastern Road. The Department of Humanities and Social Sciences strives to shape the personalities of students who come from both technical and non-technical fields by enhancing their use of language and personality.
