National Institute of Technology
Raipur-492 010 ,Chhattisgarh

About the Institute:

National Institute of Technology, Raipur situated in the capital of Chhattisgarh, has proven to be 'avant-grade' in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September, 1956. The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology.

Metallurgical and Materials Engineering Department

The Department of Metallurgical Engineering is one of the premier branches of the Institute serving to cater the need of trained manpower to the metallurgical industries located in and around central part of India since the time of its inception.

Objectives

Industrial development is the key to any country's progress and development. India has achieved great success in the field of industrial world like Automobiles, Biotechnology, Manufacturing, Technology etc. India is understood to have adopted the right path of development in all the industrial sectors.
