

UI:ESE (2nd – 3rd August 2022)

Two-day National Conference on Urban Interventions: Environmental, Social and Economic

About NIT Raipur

The institute is committed to the task of development of technical education by preparing seasoned graduates in highly sophisticated field of engineering and technology. Development of India as an emerging industrial power is a demanding exercise as it involves the combination of cost effectiveness and efficiency along with producing world-class cutting edge technology.

About Department of Architecture

The Department stands as a center of creativity within the campus of NIT Raipur. It is determined to give its best to the society, in the form of architects, who would be able to carve out spaces to create build forms as per the need and requirement of the Society. This is proven true by the 800 plus alumni who are working across the globe for last 37 years.

About the Conference

With the constantly growing population, the urban areas are also increasing and so are its associated challenges of development. This development needs to be in a sustainable manner for the cities to function effectively. The domain of research and development that goes into this field is multidisciplinary in nature and has a vast scope. This conference will give a platform for researchers to put forth their ideas from various related fields.
