ABOUT THE NATIONAL INSTITUTE OF TECHNOLOGY, RAIPUR

The Institute is situated in the capital of Chhattisgarh, has proven to be 'avant-grade' in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon'ble Dr. Rajendra Prasad on 14th September 1956. the institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon'ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is on the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from airport on NH-6, the Great Eastern Road.

ABOUT DEPARTMENT OF COMPUTER APPLICATIONS

The Department of Computer Applications at National Institute of Technology Raipur imparts quality education through the best possible post-graduate educational programs in the field of computer applications in order to meet the needs of professional societies, the community, and the nation; providing a conducive environment for research. The Department of Computer Applications has mission to provide best possible education that would help in developing students with the strong and technical backgrounds needed to achieve excellence in the field of computer applications. Department is dedicated to prepare professionals who provide leadership and exemplary educational and technical services to improve the lives of individuals in a global changing and complex society.

Department of Computer Applications (MCA) is established in the year 1986 in the erstwhile Government Engineering College Raipur with an intake of 30 students. Later on in the year 2000 after the formation of state of Chhattisgarh the intake is increased to 60. In the year 2005 on the up gradation of the Institute the Department is now known as Department of Computer Applications National Institute of Technology Raipur. Induction to MCA Program is through national level entrance examination i.e. NIMCET (National Institutes Master of Computer Applications Entrance Test) conducted by one of the participating NITs. Presently there are 11 participating NITs in this entrance test. This provides opportunity to all the participants of entire India to join MCA Program. Later on in the year 2011 the Department started Ph. D research Program in the field of Computer Applications. The Department is rich in terms of faculty, laboratory/classroom facility and campus placement.
