Date: 28/07/22

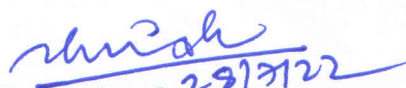

Procedure of calculation of Cumulative Performance Index (CPI) for the students merging from NIT to CBCS Scheme

As decided in 46th Senate dated 22/06/2022 Agenda 46.10. The CPI is calculated on the basis of all pass grades obtained in all completed semesters. Both SPI and CPI will be taken up to the second place of decimal without rounding off and recorded as such.

Formula to calculate the CPI :-

$$CPI = \frac{\sum_{All\ sem.\ completed} (Course\ credit \times Grade\ point) \text{ in passed courses}}{\sum_{All\ sem.\ completed} (Course\ credit) \text{ in passed courses}}$$

As per CBCS B. Arch. Ordinance clause no. 4. J.10 and CBCS B. Tech. ordinance clause no. 4. G.10. The consolidate grade sheet will supersedes all the earlier grade sheets for the students merging from NIT to CBCS Scheme.
